INDEPENDENT ACCOUNTANTS' REPORT

To the Board Members of the Louisiana Board of Veterinary Medicine 263 Third Street, Suite 104 Baton Rouge, Louisiana 70801

We have reviewed the accompanying basic financial statements of the business-type activities of the Louisiana Board of Veterinary Medicine, a component unit of the State of Louisiana, as of and for the year ended June 30, 2008, as listed in the table of contents. These basic financial statements are the responsibility of the Louisiana Board of Veterinary Medicine's management.

Our review was conducted in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards issued by the Comptroller General of the United States of America. A review consists principally of inquiries of Board personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States.

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report, dated August 13, 2008, on the results of our agreed-upon procedures.

The accompanying supplemental information listed in the table of contents under Supplemental Schedules and Information and Other Required Supplementary Information is presented for purposes of

additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but were compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information.

INDEPENDENT ACCOUNTANTS' REPORT ON APPLYING AGREED-UPON PROCEDURES

Board Members of the Louisiana Board of Veterinary Medicine 263 Third Street, Suite 104 Baton Rouge, Louisiana 70801

We have performed the procedures included in the Louisiana Government Audit Guide and enumerated below, which were agreed to by the management of the Louisiana Board of Veterinary Medicine and the Legislative Auditor, State of Louisiana, solely to assist the users in evaluating management's assertions about the Board's compliance with certain laws and regulations during the year ended June 30, 2008, included in the accompanying Louisiana Attestation Questionnaire. This agreed-upon procedures engagement was performed in accordance with standards established by the American Institute of Certified Public Accountants and applicable standards of Government Auditing Standards. The sufficiency of these procedures is solely the responsibility of the specified users of the report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

Public Bid Law

1. Select all expenditures made during the year for material and supplies exceeding \$20,000, or public works exceeding \$100,000, and determine whether such purchases were made in accordance with LSA-RS 38:2211-2251 (the public bid law).

There were no expenditures in excess of \$20,000 for material and supplies or \$100,000 for public works made during the year.

Code of Ethics for Public Officials and Public Employees

2. Obtain from management a list of the immediate family members of each board member as defined by LSA-RS 42:1101-1124 (the code of ethics), and a list of outside business interests of all board members and employees, as well as their immediate families.

Management provided us with the required list including the noted information.

3. Obtain from management a listing of all employees paid during the period under examination.

Management provided us with the required list.

4. Determine whether any of those employees included in the listing obtained from management in agreed-upon procedure (3) were also included on the listing obtained from management in agreed-upon procedure (2) as immediate family members.

None of the employees included on the list of employees provided by management in agreed-upon procedure (3) appeared on the list provided by management in agreed-upon procedure (2).

Budgeting

5. Obtain a copy of the legally adopted budget and all amendments.

Management provided us with a copy of the original budget. There were no amendments to the budget during the year.

6. Trace the budget adoption and amendments to the minute book.

We traced the adoption of the original budget to the minutes of a regular meeting.

7. Compare the revenues and expenditures of the final budget to actual expenditures to determine if actual expenditures exceeded budgeted amounts by 10% or more per category or 5% or more in total.

We compared the expenditures of the final budget to actual expenditures. Expenditures for the year did exceeded budgeted amounts by 10% in total (\$31,067) and 16% in salaries and related benefits (\$16,285). This was caused by an error in addition while computing annual salaries and also because of increase in retirement contributions from 17% to 20.4%. The salaries approved by the Board reconciled to the salaries actually paid.

Accounting and Reporting

- 8. Randomly select six disbursements made during the period under examination and:
 - (a) trace payments to supporting documentation as to proper amount and payee;

We examined supporting documentation for each of the six selected disbursements and found that payment was for the proper amount and made to the correct payee.

(b) determine if payments were properly coded to the correct fund and general ledger account; and

All six of the payments were coded to the correct fund and general ledger account.

(c) determine whether payments received approval from proper authorities.

Inspection of documentation supporting each of the six selected disbursements indicated approvals from the Director and Board where applicable.

Meetings

9. Examine evidence indicating that agendas for meetings recorded in the minute book were posted or advertised as required by LSA-RS 42:1 through 42:12 (the open meetings law).

The Board is required to post a notice of each meeting and the accompanying agenda. Management has asserted that such documents were properly posted.

Debt

10. Examine bank deposits for the period under examination and determine whether any such deposits appear to be proceeds of bank loans, bonds or like indebtedness.

We inspected copies of all bank deposit slips for the period under examination and noted no deposits that appeared to be proceeds of bank loans, bonds or like indebtedness.

Advances and Bonuses

11. Examine payroll records and minutes for the year to determine whether any payments have been made to employees that may constitute bonuses, advances or gifts.

A reading of the minutes of the Board for the year indicated no approval for the payments noted. We also inspected payroll records for the year and noted no instances that would indicate payments to employees that would constitute bonuses, advances or gifts.

The prior year report, dated August 24, 2007, did not include any comments or unresolved matters.

We were not engaged to, and did not perform an examination, the objective of which would be the expression of an opinion on management's assertions. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the use of management of the Board and the Legislative Auditor, State of Louisiana, and should not be used by those who have not agreed to the procedures and taken responsibility for the sufficiency of the procedures for their purposes. Under LSA-RS 24:513, this report is distributed by the Legislative Auditor as a public document.

PART IV. LAWS AFFECTING BUDGETING

11. We have complied with the budgeting requirements of the Local Governmental Budget Act (LSA-RS 39:1301-14) or the budget requirements of LSA-RS 39:34.

A. Local Budget Act

- 1. We have adopted a budget for the General Fund and all special revenue funds (LSA-RS 39:1301).
- 2. The chief executive officer, or equivalent, has prepared a proposed budget that included a budget message, a proposed budget for the General Fund and each special revenue fund, and a budget adoption instrument that specified the chief executive's authority to make budgetary amendments without approval of the governing authority. Furthermore, the proposed expenditures did not exceed estimated funds to be available during the period (LSA-RS 39:1304).
- 3. The proposed budget was submitted to the governing authority and made available for public inspection at least 15 days prior to beginning of the budget year (LSA-RS 39:1305).
- 4. To the extent that proposed expenditures were greater than \$250,000, we have made the budget available for public inspection and have advertised its availability in our official journal. The advertisement included the date, time, and place of the public hearing on the budget. Notice has also been published certifying that all actions required by the Local Government Budget Act have been completed (LSA-RS 39:1306).
- 5. The proposed budget was made available for public inspection at the location required by LSA-RS 39:1307.
- 6. All action necessary to adopt and finalize the budget was completed prior to year end. The adopted budget contained the same information as that required for the proposed budget [LSA-RS 39:1304(c)].
- 7. After adoption, a certified copy of the budget has been retained by the chief executive officer or equivalent officer (LSA-RS 39:1308).
- 8. The chief executive officer or equivalent notified in writing the governing authority during the year when actual receipts plus projected revenue collections for the year failed to meet budgeted revenues by five percent or more, or when actual expenditures plus projected

expenditures to year end exceeded budgeted expenditures by five percent or more (LSA-RS 39:1310). (Note, state law exempts from the amendment requirements special revenue funds with anticipated expenditures of \$250,000 or less and exempts special revenue funds whose expenditures drive revenue recognition-primarily federal funds.) 9. The governing authority has amended its budget when notified, as provided by LSA-RS 39:1310 (LSA-RS 39:1309). N/A Yes No B. State Budged Requirements 1. The state agency has complied with the budgetary requirements of LSA-RS 39:34. Yes N/A C. Licensing Boards 1. The licensing board has complied with the budgetary requirements for R. S. 39:1331-1342. Yes [X]PART V. ACCOUNTING, AUDITING, AND FINANCIAL REPORTING LAWS 12. We have maintained our accounting records in such a manner as to provide evidence of legal compliance and the preparation of annual financial statements to comply with LSA-RS 24:514, 24:515, and/or 33:463. Yes [X]13. All non-exempt governmental records are available as a public record and have been retained for at least three years, as required by LSA-RS 44:1, 44:7, 44:31, and 44:36. [X] No 14. We have filed our annual financial statements in accordance with LSA-RS 24:514, 33:463, and/or 39:92, as applicable. Yes [X] No 15. We have had our financial statements audited in a timely manner in accordance with LSA-RS 24:513. Yes [X] No [] PART VI. **ASSET MANAGEMENT LAWS** 16. Statement D (concluded)

INTRODUCTION

The Louisiana State Board of Veterinary Medicine, hereinafter referred to as the Board, was created by the Louisiana State Legislature under the provisions of Louisiana Revised Statute 37:1515. The following is a brief description of the operations of the Board which includes the parish/parishes in which the Board is located:

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

In April of 1984, the Financial Accounting Foundation established the Governmental Accounting Standards Board (GASB) to promulgate generally accepted accounting principles and reporting standards with respect to activities and transactions of state and local governmental entities. The GASB has issued a Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification). This codification and subsequent GASB pronouncements are recognized as generally accepted accounting principles for state and local governments. The accompanying financial statements have been prepared in accordance with such principles.

The accompanying financial statements of the Board present information only as to the transactions of the programs of the Board as authorized by Louisiana statutes and administrative regulations.

Basis of accounting refers to when revenues and expenses are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Board are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration – Office of Statewide Reporting and Accounting Policy as follows:

Revenue Recognition

Revenues are recognized using the full accrual basis of accounting; therefore, revenues are recognized in the accounting period in which they are earned and become measurable.

Expense Recognition

Expenses are recognized on the accrual basis; therefore, expenses, including salaries, are recognized in the period incurred, if measurable.

B. BUDGETARY ACCOUNTING

The appropriations made for the operations of the various programs of the Board are annual lapsing appropriations.

- 1. The budgetary process is an annual appropriation valid for one year.
- 2. The agency is prohibited by statute from over expending the categories established in the budget.
- 3. Budget revisions are granted by the Joint Legislative Committee on the Budget, a committee of the Louisiana Legislature. Interim emergency appropriations may be granted by the Interim Emergency Board.
- 4. The budgetary information included in the financial statements includes the original appropriation plus subsequent amendments as follows:

	APPI	ROPRIATIONS
Original approved budget	\$	292,096
Amendments:		
	-	
Final approved budget	\$	292,096

C. DEPOSITS WITH FINANCIAL INSTITUTIONS AND INVESTMENTS

1. DEPOSITS WITH FINANCIAL INSTITUTIONS

For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the Board may deposit funds within a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the Board may invest in time certificates of deposit in any bank domiciled or having a branch office in the state of Louisiana; in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.

For the purpose of the Statement of Cash Flows and balance sheet presentation, all highly liquid investments (including negotiable CDs and restricted cash and cash equivalents) and deposits (including nonnegotiable CDs and restricted cash and cash equivalents) with a maturity of three months or less when purchased are considered to be cash equivalents.

Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the State Treasurer.

GASB Statement 40, which amended GASB Statement 3, eliminated the requirement to disclose all deposits by the three categories of risk. GASB Statement 40 requires only the disclosure of deposits that are considered to be exposed to custodial credit risk. An entity's deposits are exposed to custodial credit risk if the deposit balances are either 1) uninsured and uncollateralized, 2) uninsured and collateralized with securities held by the pledging financial institution, or 3) uninsured and collateralized with securities held by the pledging financial institution's trust department or agent, but not in the entity's name.

The deposits at June 30, 2008, consisted of the following:

			INOIN	egotiable

The Board does maintain investment accounts as authorized by La. R.S. 33:2955.

Custodial Credit Risk

Investments can be exposed to custodial credit risk if the securities underlying the investment are uninsured, not registered in the name of the entity, and are either held by the counterparty or the counterparty's trust department or agent but not in the entity's name. Repurchase agreements are not subject to credit risk if the securities underlying the repurchase agreement are exempt from credit risk disclosure. Using the table on the next page, list each type of investment disclosing the total carrying amounts and market values, and any amounts exposed to custodial credit risk.

GASB Statement 40 amended GASB Statement 3 to eliminate the requirement to disclose all investments by the three categories of risk. GASB Statement 40 requires only the separate disclosure of investments that are considered to be exposed to custodial credit risk. Those investments exposed to custodial credit risk are reported by type in one of two separate columns depending upon whether they are held by a counterparty, or held by a counterparty's trust department or agent not in the entity's name. In addition, the total reported amount and fair value columns still must be reported for total investments regardless of exposure to custodial credit risk.

The Board's only investments are certificates of deposit with maturities of greater than three months. None are considered at risk.

3. DERIVATIVES

4. CREDIT RISK, INTEREST RATE RISK, CONCENTRATION OF CREDIT RISK, AND FOREIGN CURRENCY RISK DISCLOSURES

N/A

POLICIES

The Board's policy is to invest only in time deposits in which the value if fully insured.

6. OTHER DISCLOSURES REQUIRED FOR INVESTMENTS

N/A

D. CAPITAL ASSETS - INCLUDING CAPITAL LEASE ASSETS

The fixed assets used in the Special Purpose Government Engaged only in Business-Type Activities are included on the balance sheet of the entity and are capitalized at cost. Depreciation of all exhaustible fixed assets used by the entity is charged as an expense against operations. Accumulated depreciation is reported on the balance sheet. Depreciation for financial reporting purposes is computed by the straight line method over the useful lives of the assets.

E. INVENTORIES

N/A

F. RESTRICTED ASSETS

N/A

G. LEAVE

COMPENSATED ABSENCES

The Board has the following policy on annual and sick leave:

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits.

The cost of leave privileges, computed in accordance with GASB Codification Section C60, is recognized as a current year expenditure in the fund when leave is actually taken; it is recognized in the enterprise funds when the leave is earned. The cost of leave privileges applicable to general government operations not requiring current resources is recorded in long-term obligations. Compensated absences were \$6,436, \$4,800 and \$4,800 at June 30, 2008, 2007 and 2006, respectively.

2. COMPENSATORY LEAVE

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer, an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employees' hourly rate of pay at termination or transfer. There was no accrued compensatory leave time at June 30, 2008.

H. RETIREMENT SYSTEM

Substantially all of the employees of the Board are members of the Louisiana State Employees Retirement System (LASERS), a single employer defined benefit pension plan. The System is a statewide public employee retirement system (PERS) for the benefit of state employees, which is administered and controlled by a separate board of trustees.

All full-time Board employees are eligible to participate in the System unless they elect to continue as a contributing member in any other retirement system for which they remain eligible for membership. Certain elected officials and officials appointed by the governor may, at their option, become members of LASERS. Normal benefits vest with 10 years of service. Generally, retirement age employees are entitled to annual benefits equal to \$300 plus 2.5% of their highest consecutive 36 months' average salary multiplied by their years of credited service except for members eligible to begin participation in the Defined Benefit Plan (DBP) on or after July 1, 2006. Act 75 of the 2005 Regular Session changes retirement eligibility and final average compensation for members who are eligible to begin participation in the DBP beginning July 1, 2006. Retirement eligibility for these members is limited to age 60, or thereafter, upon attainment of ten years of creditable service. Final average compensation will be based on the member's average annual earned compensation for the highest 60 consecutive months of employment.

Vested employees eligible to begin participation in the DBP before July 1, 2006, are entitled to a retirement benefit, payable monthly for life at (a) any age with 30 years of service, (b) age 55 with 25 years of service, or (c) age 60 with 10 years of service. In addition, these vested employees have the option of reduced benefits at any age with 20 years of service. Those hired on or after July 1, 2006 have only a single age option. They cannot retire until age 60 with a minimum of 10 years of service. The System also provides death and disability benefits and deferred benefit options, with qualifications and amounts defined by statute. Benefits are established or amended by state statute. The System issues a publicly available annual financial report that includes financial statements and required supplementary information for the System. For a full description of the LASERS defined benefit plan, please refer to the LASERS 2007 Financial Statements, specifically,

footnotes A – Plan Description and C – Contributions. That report may be obtained by writing to the Louisiana State Employees Retirement System, Post Office Box 44213, Baton Rouge, Louisiana 70804-4213, or by calling (225) 922-0608 or (800) 256-3000. The footnotes to the Financial Statements contain additional details and are also available on-line at:

http://www.lasers.state.la.us/PDFs/Publications and Reports/Fiscal Documents/Comprehensive Financial Reports/Comprehensive%20Financial%20Reports 07.pdf

Members are required by state statute to contribute with the single largest group ("regular members") contributing 7.5% of gross salary, and the Board is required to contribute at an actuarially determined rate as required by R.S. 11:102. The contribution rate for the fiscal year ended June 30, 2008, increased to 20.4% of annual covered payroll from the 19.1% and 17% required in fiscal years ended June 30, 2007 and 2006 respectively. The Board's contributions to the System for the years ending June 30, 2008, 2007, and 2006, were \$17,420, \$13,607 and \$16,471, respectively, equal to the required contributions for each year.

I. OTHER POSTEMPLOYMENT BENEFITS

The Board may provide certain continuing health care and life insurance benefits for its retired employees through the Louisiana Office of Group Benefits. Substantially all of the Board's employees become eligible for those benefits if they reach normal retirement age while working for the Board and were covered by the Board's active medical plan immediately prior to retirement. Those benefits include joint payment of monthly premiums for the coverage provided.

Plan Description. The State of Louisiana's Other Post-Employment Benefit Plan (OPEB Plan) is an agent multiple-employer plan administered by the Louisiana Office of Group Benefits (OGB). There are three plans available to eligible retirees for health care — OGB Preferred Provider Organization (PPO), Humana Health Maintenance Organization (HMO) and United Exclusive Provider Organization (EPO). Participants eligible for Medicare coverage can choose one of two OGB Medicare Advantage Plans, either an HMO or private fee-for-service (PFFS) plan. Life insurance benefits include basic term life, basic plus supplemental term life, dependent term life and employee accidental death and dismemberment coverage. The policy is underwritten by The Prudential Insurance Company of America.

LRS 42:801-883 provides for the authority under which benefit provisions are established and may be amended. The OGB does not issue a stand-alone report; however, it is included in the Louisiana Comprehensive Annual Financial Report (CAFR). The CAFR may be obtained from Office of Statewide Reporting and Accounting Policy's website at www.doa.la.gov/osrap, writing to P. O. Box 94095, Baton Rouge, LA 70804-9095 or by calling 225-342-0708.

Funding Policy. LRS 42:801-883 provides for the authority under which the obligations of the plan members and the system are established and may be amended. For employees hired prior to January 1, 2002, the cost of coverage is shared 25% by the participant and 75% by the Board with the exception of single retirees under age 65. He/she must pay 25% of the active employee cost. Employees hired on or after January 1, 2002, pay a percentage of the total contribution rate based on his/her years of service at retirement (under 10 yrs. – 81%; 10-14 yrs. – 62%; 15-19 yrs. – 44%; 20+ yrs. – 25%). A lifetime maximum for healthcare benefits is set at \$5,000,000 for the PPO, HMO and EPO plans. The retiree must pay 50% of the life insurance premiums for him or herself and 88% for his/her spouse. Maximum coverage is capped at \$50,000.

Premiums paid for healthcare coverage vary depending on the plan chosen. For the year ended June 30, 2008, this amount ranges from \$34 to \$92 per month for single members with Medicare or \$126 to \$170 per month without Medicare. The Board contributes anywhere from \$103 to \$237 per month (with Medicare) or \$809 to \$842 (without Medicare) on behalf of the retiree for this coverage. Premiums paid for retiree and spouse range from \$69 to \$165 per month for those with Medicare or \$408 to \$493 per month for those without Medicare. For this coverage, the Board contributes from \$207 to \$427 (with Medicare) or \$1,242 to \$1,293 (without Medicare). The rates for retirees with children are slightly higher than the single rates and family coverage is slightly higher than the retiree/spouse rates. The plan is currently financed on a pay-as-you-go basis by the Board.

OPEB Cost/Obligation. The Board's Annual Required Contribution (ARC) is an amount actuarially determined in accordance with GASB 45. The ARC represents a level of funding that, if paid on an ongoing basis, would cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. A level percentage of payroll amortization method, open period, was used. The total ARC for the year beginning July 1, 2007, is as follows:

Normal cost	\$ 12,200
30 year UAL amortization amount	
Annual Required Contribution (ARC)	<u>15,100</u>

The Board's OPEB obligation for the year ended June 30, 2008, is as follows:

Annual required contribution/OPEB Cost	\$ 1 5,100
Contributions made	
Change in Net OPEB Obligation	15,100
Net OPEB obligation, beginning	<u>46,000</u>
Net OPEB obligation, ending	<u>61,100</u>

Utilizing the pay-as-you-go method, the Board contributed 0% of the annual post-employment benefits cost during the current year. Because this is the first year of implementation, information for prior years is not presented.

Funding Status and Funding Progress. As of June 30, 2008, the Board had not made any contributions to its postemployment benefits plan trust. A trust was established during the current year but was not funded. Thus, it has no plan assets and a funding ratio of zero. Funding status and progress is summarized below.

Unfunded actuarial accrued liability (UAAL) Covered payroll (active employees)	\$ 61,100 116,881
UAAL as a percentage of covered payroll	52%

Actuarial Methods/Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial method and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities consistent with the long-term perspective of the calculations.

In the July 1, 2007 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions included a 4% investment rate of return (net of administrative expenses) and initial annual healthcare cost trend rate of 9.5% and 10.6% for pre-Medicare and Medicare eligibles, respectively, scaling down to ultimate rates of 5% per year. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on an open basis. The remaining amortization period at July 1, 2007, was thirty years.

J. LEASES

1. OPERATING LEASES

The total payments for operating leases during fiscal year 06/08 amounted to \$20,585. A schedule of payments for operating leases follows:

Nature of lease Office Space Equipment Land	FY 2009 FY 2010 FY 2011 FY 2012 FY 20 \$ 17,976 \$ 17,976 \$ 17,976 \$ 17,976 \$ 1 2,609	FY 2014- FY 2019- 013
Other	\$ <u>20,585</u> \$ <u>17,976</u> \$ <u>17,976</u> \$ <u>1,976</u> \$ <u>1,976</u>	.498_\$ <u>-</u> \$

2. CAPITAL LEASES

Capital leases are not recognized in the accompanying financial statements.
